

**Discussion Summary of Working Group IV
Emergency Management**

TECRO-AIT Meeting of Joint Standing Committee on Civil Nuclear Cooperation
December 6-8, 2016

1. There are 5 items in group IV, both sides agree to keep ongoing.
2. Commitments
 - a). NNSA will invite AEC representatives to observe the emergency preparation for the Super Bowl in 2017.
 - b). NNSA may continue to invite AEC to attend the 2017 Annual EMI-SIG Meeting
 - c). NNSA and AEC will continue to evaluate and update SOI work plan in 2017.
 - d). AEC will invite NNSA to share information about the response of Radiation Dispersion Devices (RDD).
 - e). NNSA will invite AEC representatives to a Technical Exchange Workshop planned in mid-2017; the topics and other invitees to the Workshop are still being planned.
 - f). NNSA may help AEC arrange a local I-RAPTER-MPE training course for a major public event. Some of trainees will be future trainers.
 - g). AEC Deputy Minister Huei-Min Tsai will visit NARAC center in LLNL on December 12, 2016 to exchange information on IXP application.
 - h). AEC will invite DOE/NNSA representatives to observe the 2017 nuclear emergency exercise to be held in September at Kuosheng Nuclear Power Plant in northern Taiwan.
 - i). AEC will inquire DOE/NNSA regarding technical assistance on the telemetry function in AVID.
 - j). AEC invites NNSA to provide training on Nuclear Forensics in 2017. AEC is specifically interested in crime scene management.
 - k). AEC will continue to jointly engage in activities with NNSA to strengthen emergency management and response to nuclear events.
