

2023 AEC-NRC Bilateral Technical Meeting (BTM)

Time: 6/20/2023~6/23/2023

Venue: NRC Headquarter and Oyster Creek Nuclear Power Plant

Participants: Chaired by Ms. Mary Jane Ross-Lee, Deputy Director of the Division of Safety Systems, Office of Nuclear Reactor Regulation, US NRC, and Mr. Gung-Min Ho, Director of the Decommissioning Regulatory Taskforce, Department of Nuclear Regulation, R.O.C. AEC. The meeting was joined by US NRC's personnel and experts and AEC's delegates.

Event Highlights:

The 2023 AEC-NRC BTM was held at the NRC Headquarter in the U.S. from June 20 to 23. The AEC delegate Director Gung-Min Ho participated in the meeting and discussed nuclear safety regulations with NRC delegates. In addition to sharing current regulatory activities, both side also discussed and exchanged information on decommissioning regulation practices and other safety-related issues.

Subsequently, AEC's delegates visited the NRC Headquarter Operations Center to observe the NRC's nuclear accident exercise for the FitzPatrick Nuclear Power Plant and related mobilization and response actions after the accident notification.

Following the table-top meeting, AEC's delegates travelled with the NRC's personnel to the Oyster Creek Nuclear Power Plant, currently undergoing decommissioning, for learning the experience of decommissioning practices and safety regulations of nuclear power plant in the United States.

The AEC and NRC will continue to exchange technical information and strengthen cooperation through this annual meeting.
