Reportable Event Reports (RERs) of NPP decommissioning period

During an NPP's decommissioning period, should a Reportable Event defined by Article 11 of the “Regulations on the Permit Application and the Management for Decommissioning of Nuclear Reactor Facilities” occur, the licensee must issue a prompt notification to the NSC, so that necessary regulatory measures can be taken accordingly. A detailed event report must be submitted to the NSC within 30 days after the occurrence of the event.
